## ROLLER BLINDS

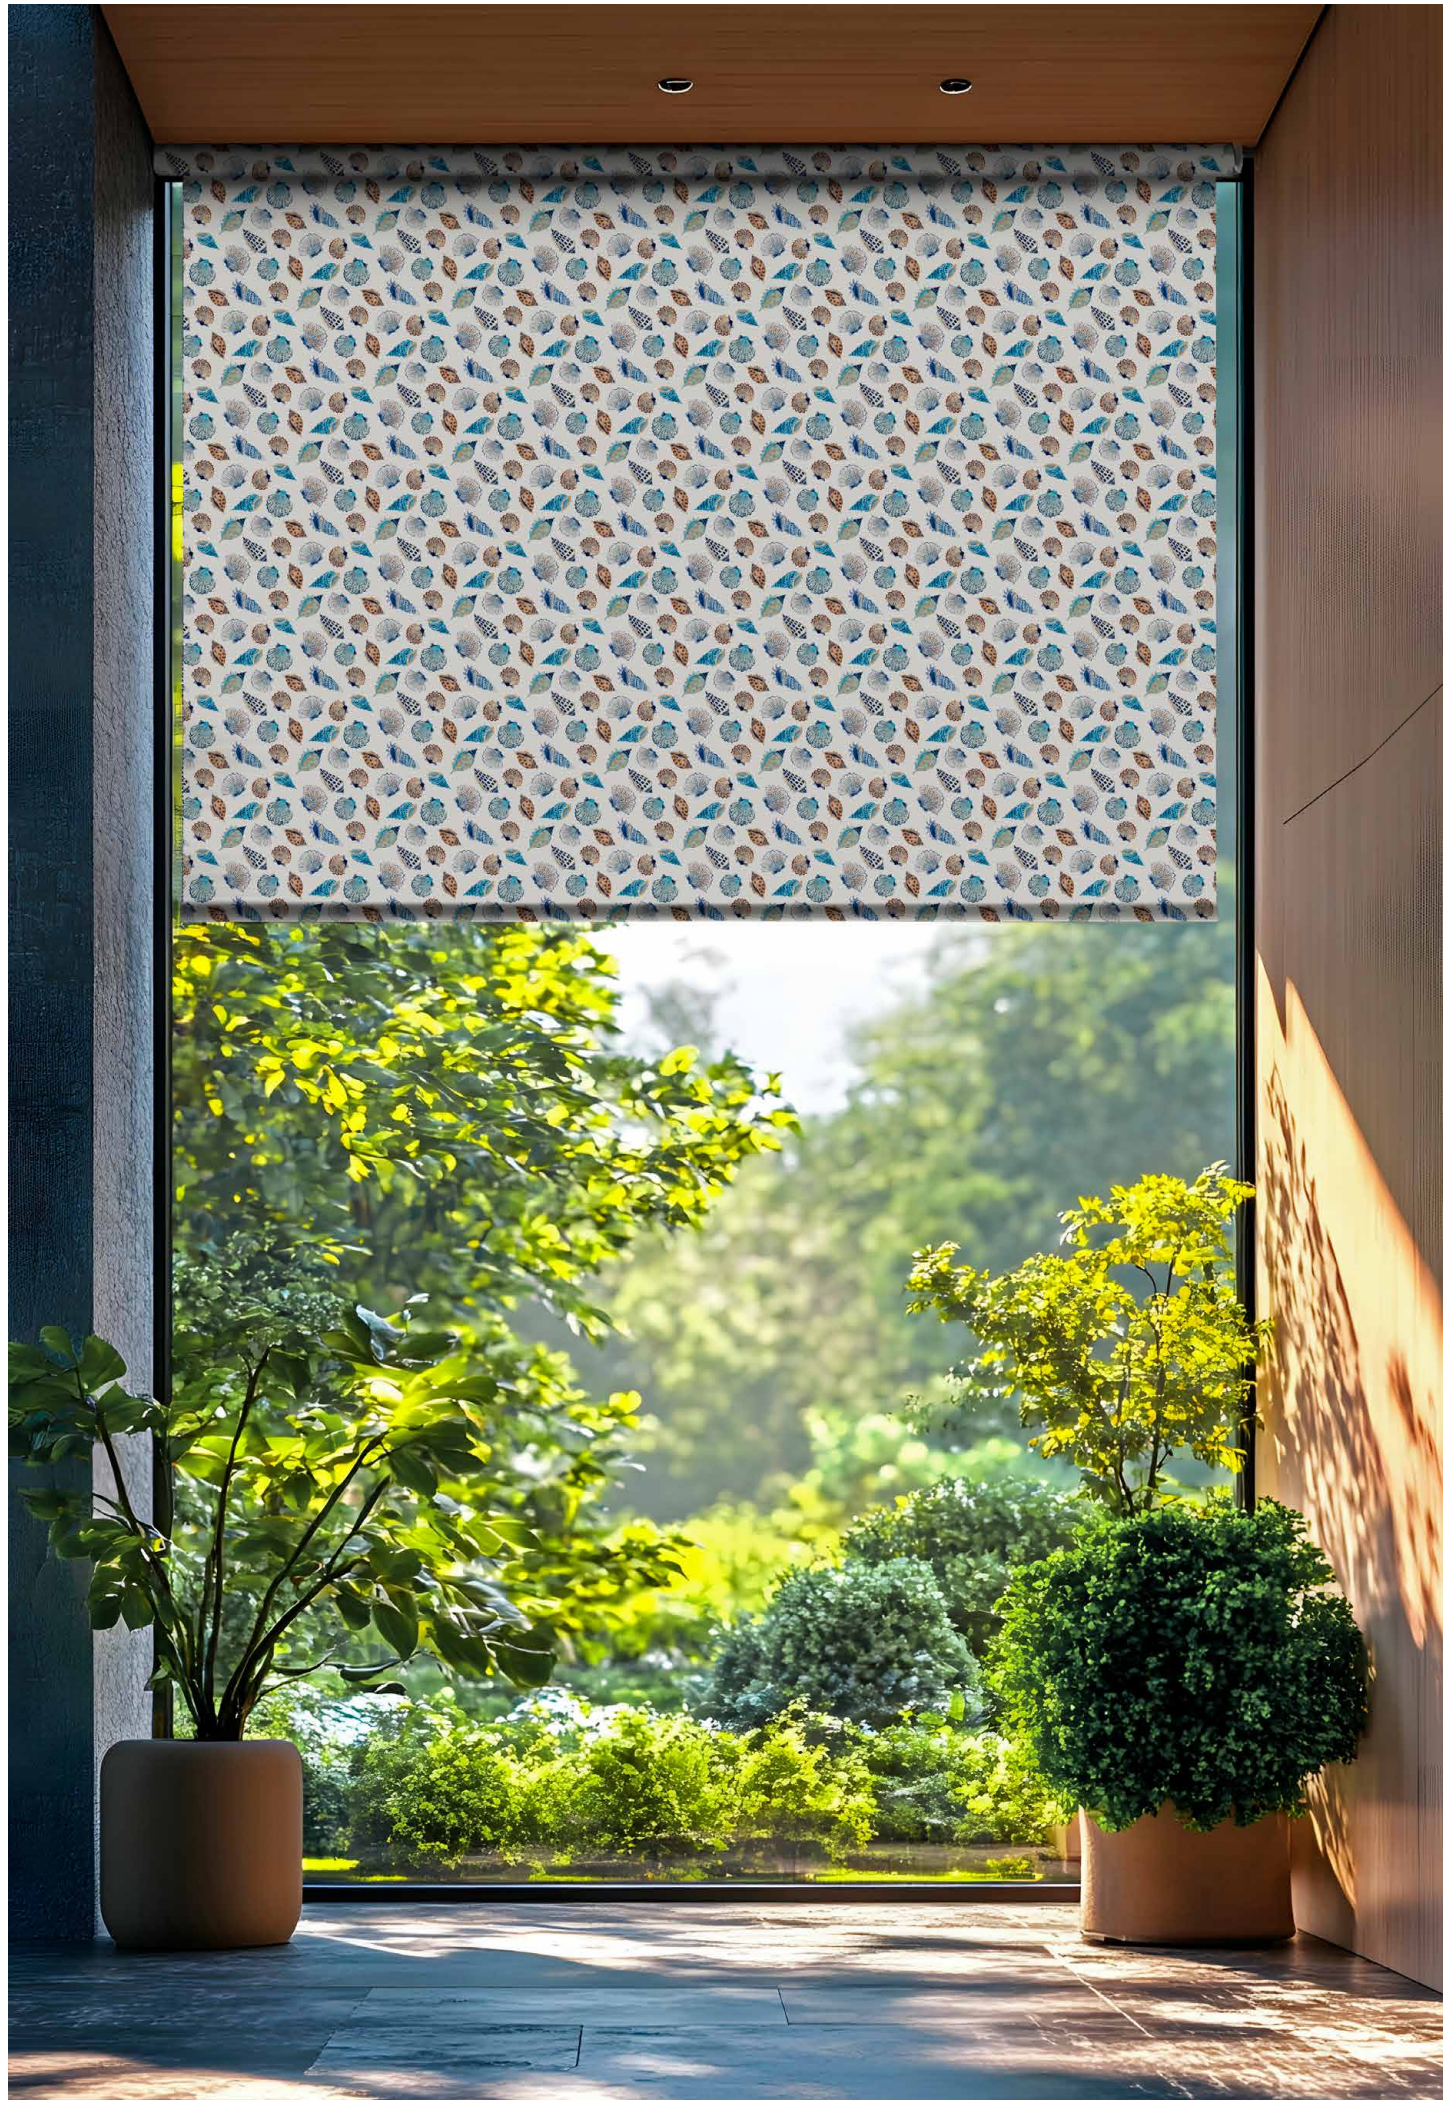

Bude Duck Egg

Breathe life into your interiors with our Expressions Roller Blind Collection. 48 exclusive designs have been curated from the PT portfolio, with conversational florals, botanical prints, and timeless stripes offering style-led options for every space. The collection's blackout finish means Expression's roller blinds are perfect for bedrooms, living areas, and even kitchens, helping you switch off from the outside world.

Pampas Parchment

Sade Denim

A palette of nature-inspired colourways, spanning delicate greens and calming neutrals to richer navy tones, amplifies the impact of each design within Expressions. Each blind is operated using a standard chain sidewinder, with the option to upgrade to motorisation via a remote control for effortless practicality. Our Expressions roller blinds are available as either standard or reverse roll, and can be upgraded to a closed cassette finished in your blind's design.
